FILTRATION

Largo has been a trusted name in filtration solutions since 1985. Founded as a family-run business, we started with a simple mission: to provide high-quality filter components to a wide range of industries. Over the years, we've grown to serve sectors including **Agriculture, Construction, Forklift Trucks, Horticulture, Industrial, Marine, Gen-set, and Truck & Bus.**

Why Choose Largo?

Our reputation is built on reliability, expertise, and exceptional service. While we are proudly based in North Norfolk, our extensive distribution network allows us to supply filtration products across the UK and worldwide.

With decades of experience and purpose-built internal cross-reference systems, we ensure you receive the right filtration products as quickly as possible—minimizing downtime and keeping your operations running smoothly.

Our Norfolk warehouse holds up to 5,300 different filters at any given time, meaning we are fully equipped to dispatch your orders promptly. This ensures fast, efficient service every time you order.

What We Offer:

- ✓ Single Source of Supply
- ✓ OEM-Spec Products
- ✓ Nationwide & International Distribution
- ✓ Local & Next-Day Deliveries
- ✓ Expert Technical Support

With over 60 years of combined experience, Largo is your go-to partner for filtration solutions. As trusted suppliers of major global manufacturers, we guarantee top-quality products and service you can depend on.

We supply...

and many others!

BULK FUEL

Donaldson Blue® Bulk Fuel Filters: Advanced Protection for Your Equipment

When it comes to keeping your fuel clean and your equipment running smoothly, Donaldson Blue® Bulk Fuel Filters provide industry-leading filtration technology. Designed for bulk fuel storage, these high-efficiency filters help protect your engines from harmful contaminants, ensuring maximum performance and longevity.

Why Choose Donaldson Blue® Bulk Fuel Filters?

Fuel contamination is one of the biggest threats to modern diesel engines. Water, dirt, and other particulates can cause injector damage, reduce fuel efficiency, and lead to expensive repairs. Donaldson Blue® filters use advanced media technology to remove contaminants before they reach your equipment, preventing premature wear and optimizing engine performance as well as reducing unplanned fuel filter changes.

Key Benefits:

- ✓ Superior Filtration Efficiency – Removes harmful particles down to 4 microns.
- ✓ Water Separation Technology – Effectively captures and removes water from diesel fuel.
- ✓ Extended Filter Life – High dirt-holding capacity reduces maintenance frequency and downtime.
- ✓ Durable Construction – Built to withstand high flow rates.

Protect Your Investment

Whether you're running a fleet of trucks, heavy equipment, or agricultural machinery, clean fuel is critical. Donaldson Blue® Bulk Fuel Filters help ensure your fuel supply meets the highest standards, keeping your engines running stronger for longer.

Upgrade to Donaldson Blue® today and experience cleaner fuel, better performance, and lower operating costs.

KEEP MOVING

PREMIUM FILTRATION
TECHNOLOGIES

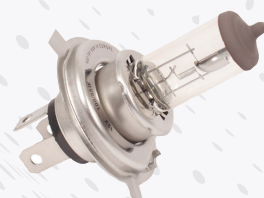

LIGHTING & SAFETY

Enhance safety and efficiency with our range of high-quality safety beacons, seat belts, work lamps, and other safety equipment designed for the demanding environments of industries like Agriculture and Construction. Our durable safety beacons ensure maximum visibility, keeping your machinery and workers safe in low-light and hazardous conditions. Reliable seat belts provide essential protection, reducing the risk of injury in case of sudden stops or rollovers. Our powerful work lamps deliver excellent illumination, allowing for safer operation in poor lighting. We work with top brands to offer premium safety products to keep your workforce protected and your equipment operating safely.

Contact us today to upgrade your safety standards!

BATTERIES

Keep your vehicles running at peak performance with our high-quality vehicle batteries from trusted brands like Platinum Batteries and Hankook. Designed for the tough demands of the construction and agricultural industries, our reliable batteries provide exceptional power, durability, and longevity. Whether you need a heavy-duty battery for machinery or a dependable solution for farm vehicles, we have the right product to keep you moving. With superior performance and reliability, our batteries ensure your equipment stays powered when you need it most.

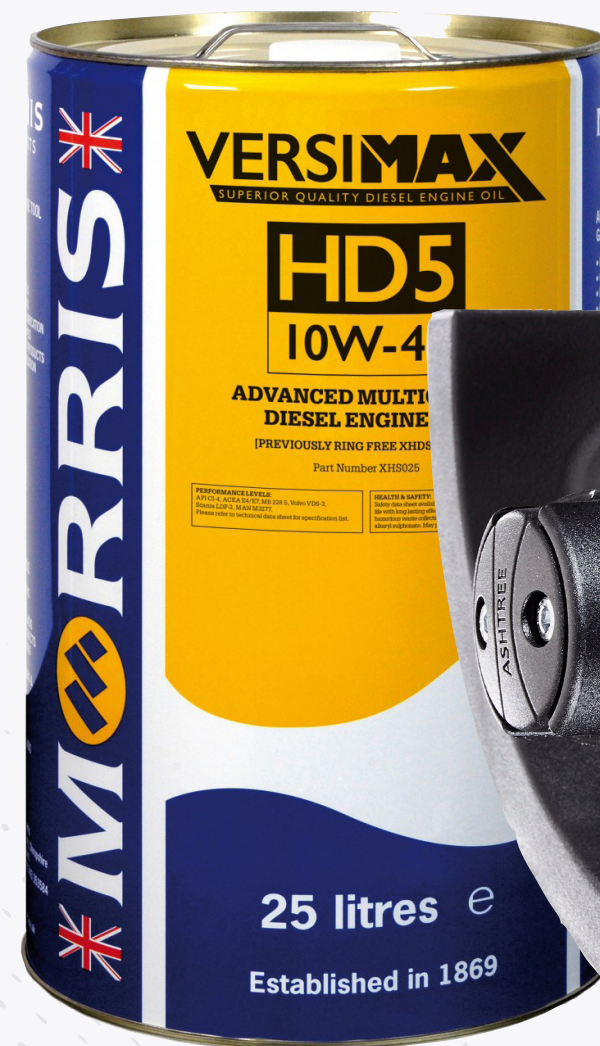

Get in touch today to find the perfect battery for your needs!

LUBRICANTS

Keep your machinery running smoothly with our high-quality engine and hydraulic oils, specially formulated for tractors, excavators, and other heavy-duty vehicles. We supply trusted brands like Mannol and Morris Lubricants, ensuring superior lubrication, protection, and performance. Our premium oils reduce wear, improve efficiency, and extend the lifespan of your engines and hydraulic systems, even in the toughest conditions. Whether you need high-performance engine oil or reliable hydraulic fluid, we have the right solution for your equipment.

Contact us today to find the perfect oil to keep your machinery operating at its best!

MIRRORS

Improve visibility and safety with our high-quality wing mirrors, designed for a full range of off-highway vehicles. We supply various types, including wide-angle, twin-lens, main mirrors, and interior mirrors, ensuring optimal vision in all working conditions. Whether you're operating tractors, excavators, or other heavy-duty machinery, our durable and reliable mirrors enhance situational awareness, reducing blind spots and improving overall safety. Built to withstand tough environments, our mirrors provide clear, distortion-free reflections for precise operation.

Get in touch today to find the right mirrors for your vehicles and enhance your safety on the job!

SEATING

Enhance comfort and safety with our high-quality seating solutions for tractors, dumpers, lorries, and other off-highway machinery. Designed for durability and ergonomic support, our seats reduce operator fatigue and provide superior comfort during long working hours. We offer a range of suspension seats, adjustable seats, and high-back options, ensuring the perfect fit for your vehicle and working conditions. Built to withstand tough environments, our robust and reliable seats improve productivity and operator well-being.

Contact us today to upgrade your machinery with premium seating for maximum comfort and performance!

PIUSI®

Keep your refuelling operations efficient and reliable with our high-quality fuel nozzles and fuel pumps from PIUSI. Designed for tractors, lorries, and off-highway machinery, PIUSI's durable and precision-engineered fuel handling solutions ensure smooth, safe, and accurate fuel transfer. Whether you need manual or automatic fuel nozzles, electric or diesel fuel pumps, we supply a full range of products to suit your needs. Built for performance and longevity, PIUSI's trusted fuel solutions help keep your equipment running without interruption.

WORKSHOP

Equip your workshop with high-quality tools from leading brands like Draper Tools, Sealey Tools, and Milwaukee. Whether you're working on tractors, lorries, or heavy machinery, we supply a full range of hand tools, power tools, and workshop equipment designed for durability and precision. From wrenches and socket sets to impact drivers and tool storage solutions, our products ensure efficiency and reliability in every task. Built to withstand tough workshop environments, our trusted brands provide the performance you need to get the job done right.

Contact us today to upgrade your workshop with professional-grade tools!

G.E.T

Maximise the performance and durability of your machinery with our high-quality Ground Engaging Tools (GET). We supply a full range of bucket teeth, bucket edges, wear parts, and side cutters, designed to enhance the efficiency and lifespan of excavators and diggers. Built for tough working conditions, our durable and wear-resistant GET products ensure optimal digging, grading, and material handling performance. Whether you need replacement parts or upgrades, we provide reliable solutions to keep your equipment operating at its best.
